## Souvenirs and Screen Print

*The Netherlands is famous for their original Delft Blue ceramic wares, typically decorated with the classic blue and white windmill pattern. As with any product line, there are many quality levels available, ranging from high-end “Royal” delft lines to low cost souvenir items.*

*Although we purchase the items in this catalog in the Netherlands, they are usually produced in low labor cost countries, typically the Far East. Due to this fact, we reserve the term “Delft” for items actually made in the Netherlands, and we refer to the items in this catalog as “Blue and White Ceramic Souvenirs”. This line combines lower price points with basic quality to cater to the budget-minded customer.*

*As is typical of other low-cost lines, the average markup with this line is often greater than more expensive lines, thereby making this line more profitable for the retailer.*

*As always here at Nelis Imports, we guarantee your satisfaction with the products we carry, and we focus on ensuring that our customers are happy with their purchases. Our goal is to establish a long-term relationship with all of our customers that is mutually beneficial. Nelis’ Imports offers products for all budgets, and we are proud to present our souvenir quality line in this “Blue and White Ceramic Souvenirs” catalog.*
